

2020 Nanotech Facilities Minicourse

REMOTE/ IN-PERSON

REMOTE - October 8-14

All videos can be viewed at <https://mediahub.unl.edu/channels/32791>
Or by clicking the individual links below:

OVERVIEW of NNF

Introduction to Fabrication

[Nanomaterials and Thin Films](#)
[Nanoengineering Research Core Facility](#)
[Nanofabrication & Cleanroom](#)

Introduction to Characterization

[Surface & Materials Characterization](#)
[X-Ray Structural Characterization](#)
[Electron Nanoscopy Instrumentation](#)

How to Become a User

TOUR of NNF Facilities

[Nanofabrication](#)
[X-Ray Structural Characterization](#)
[Surface and Materials Characterization](#)
[Electron Nanoscopy Instrumentation](#)
[Nanomaterials and Thin Films](#)
[XRF – X-Ray Structural Characterization](#)
[XPS – Surface Materials and Characterization](#)

IN-PERSON TRAINING - October 14-30

If you would like to become a user after viewing REMOTE video session: Register for FREE IN-PERSON Training October 14-30 on two instruments at <http://nanoscale.unl.edu/minicourse-registration>.
